

6/8(水) 午前7時00分
ヒグマの目撃場所

This is a topographic map of a mountainous region. A red dot is placed on a ridge line, with an arrow pointing to it from a text box. The map shows contour lines, rivers, and some place names in Japanese. The text box specifies the date and time as June 8th (Wednesday) at 7:00 AM, and identifies the location as the sighting spot for a brown bear (ヒグマ).
