

# Clean City Chitose (Simplified version)

City of Chitose  
Environmental Center  
Contact point for  
waste-related questions

☎ 0123-23-2110  
FAX 0123-23-2492

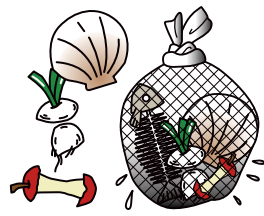

★Garbage collection days are different depending on garbage types.

★Please put garbage out at a collection point by 8:30a.m. on a proper collection day.

★Please follow the rules and use the collection point cleanly.

## Burnable garbage

### City-designated blue bags

**Kitchen waste**  
(Please drain well)

**Cloth**

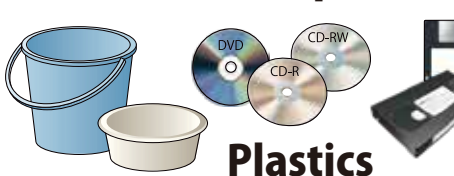

**Leather and rubber products**

**Paper**

**Paper diapers**  
Please remove excrement

**Plastics**

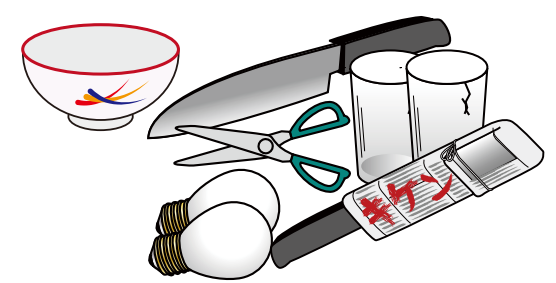

### Safety hypodermic needles and other waste from home healthcare

This waste will be incinerated for sanitary purposes. Please place the waste inside PET plastic bottles, milk cartons, or similar items, mark as "キケン" and put them out with the burnable waste.

## Non-burnable garbage

### City-designated yellow bags

### Sharp instruments, glass, ceramics, and light bulbs

Please wrap these in newspaper or similar materials, place them in the designated waste bags, and mark as "キケン".

## 4 types of recyclables

Put them into transparent or translucent bags

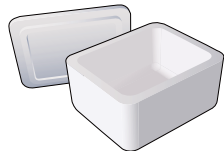

Rinse containers before disposal.

**PET plastic bottles**

**Empty cans**

**Styrofoam trays and other items without the plastic recycling logo**

(If they cannot be cleaned, dispose of as burnable garbage.)

**Glass bottles used for beverages, condiments, etc.**

(If they cannot be cleaned, dispose of as non-burnable garbage.)

## Plastic containers and packaging

### City-designated translucent white bags

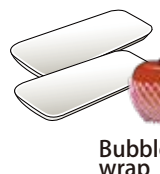

### Containers marked with the plastics recycling logo

\*Empty the containers of all contents, clean them, and place them in the designated bags.

Dispose of PET plastic bottles as 4 types of recyclables

Bubble wrap

Nets

Disposable planters

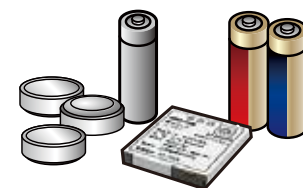

Convenience store bento boxes

Medicine container

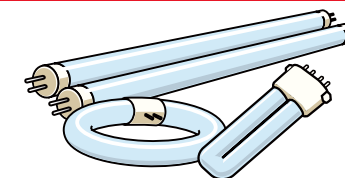

## Harmful waste

Put them into transparent or translucent bags

Do not place these in (yellow) bags for non-burnable garbage to reduce the risk of fire. Use a marker or other writing instrument to clearly indicate "Harmful waste" on the bag.

**Batteries and thermometers containing mercury**

### Fluorescent lights

Please place these inside boxes or other containers to prevent breakage, since they contain dangerous toxic mercury. \*Dispose of incandescent light bulbs as non-burnable waste

**Spray cans, gas cartridges for portable stoves, gas lighters**

Dispose of these without puncturing them, since doing so could be dangerous.

**Metal items more than 3 mm thick (hammers, pliers, etc.)**

## Used small appliances

Place these in the collection boxes installed at community centers, welfare centers, the East City Office, or the Lake Shikotsu City Office.

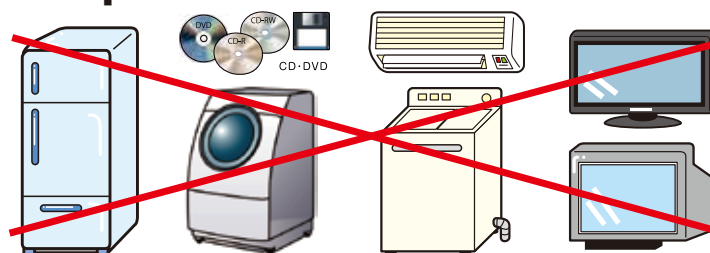

Free of charge

### Examples of items collected

\*Be sure to remove any batteries (harmful waste) from small appliances

### Examples of items not collected

## Bulky garbage

Garbage that does not fit into the designated garbage bags is (considered as) bulky garbage. Purchase disposal stickers (300yen each) at supermarkets before disposal.

### Make a request by phone

☎ 0123-23-2685  
FAX 0123-26-0023

### Items that cannot be collected or accepted by the city

- \* Items subject to the Act on Recycling of Specified Kinds of Home Appliances (CRT tubes, LCD screens, plasma TVs, air conditioners, refrigerators/freezers, washing machines, clothes dryers)
- \* CRT computer displays
- \* Propane canisters, fireproof safes, waste tires, car batteries, fluids
- \* Fire extinguishers, motorcycles, garden stones/earth/rocks (These are not regarded as garbage.)
